

## iPad Mini 2019

iPad mini is beloved for its size and capability. And now there are even more reasons to love it. The A12 Bionic chip with Neural Engine. A 7.9-inch Retina display with True Tone. And Apple Pencil, so you can capture your biggest ideas wherever they come to you.

iPad mini features a thin, light and portable design that makes it the perfect on-the-go companion. At just 300 grams and 6.1 millimetres thin, it's easy to carry with you in one hand or take out of a pocket or bag whenever inspiration strikes.

The A12 Bionic chip with Neural Engine enables a remarkable level of power and intelligence. It uses real-time machine learning to recognise patterns, make predictions and learn from experience.

iPad mini packs over 3 million pixels into a 7.9-inch display. And we made them all count. Whether you're reading in the park or editing a video in your home office, the high brightness, wide colour and anti-reflective coating offer true-to-life detail and razor-sharp text.

Like every Apple product, iPad mini was designed with your privacy and security in mind. Touch ID makes unlocking your iPad mini simple and secure. And you can make purchases conveniently and safely with Apple Pay. Just place your finger on the Touch ID sensor and you're good to go.

### Specification

<b>BATTERY</b>		<b>IP RATING</b>	
<b>Battery:</b>	5,124 mAh	<b>IP Rating:</b>	n/a
<b>CAMERA</b>		<b>MEMORY</b>	
<b>Main Camera:</b>	Single 8MP	<b>Memory:</b>	64GB/3GB RAM, 256GB/3GB RAM
<b>Selfie Camera:</b>	Single 7MP	<b>MEMORY TYPE</b>	
<b>CHARGING</b>		<b>Memory Type:</b>	Internal
