

Go beyond with the Nokia 5.3. The incredible quad camera lets you push the boundaries of photography.

See the world through a whole new perspective – or four – with the versatile quad camera. Get up close and personal with the macro lens or capture the entire scene with the ultra-wide 118° lens.

Powerful AI imaging gives you the creative tools to get stunning shots. Lose the flash and still get that winning shot thanks to Night mode. Capture stellar images that truly pop in Portrait mode with enhanced bokeh effects.

You can transport yourself to another world with the mega 6.55” screen. With its extra-large display, it’s also crucial that your eyes are cared for. That’s why Nokia 5.3 received Low Blue Light certification from TÜV Rheinland, meaning less strain when you’re taking in all your favorite apps, games and videos.

With all that power, you can also say goodbye to battery anxiety for good, thanks to the 4000mAh battery and AI-assisted Adaptive battery that saves energy for the apps you use most, allowing a battery life of up to 2 days.

Plus, handle any task at speed with the Qualcomm® Snapdragon™ 665 processor and latest Android 10 operating system – which delivers a pure software experience, streamlined interface and no bloatware, all with 2 years of regular software & security updates.

Nokia 5.3

Specification

| BATTERY | |
|-----------------|-----------|
| Battery: | 4,000 mAh |

| CAMERA | |
|-----------------------|---|
| Main Camera: | Quad 13MP (wide), 5MP (ultrawide), 2MP (macro), 2MP (depth) |
| Selfie Camera: | Single 8MP (wide) |

| CHARGING | |
|---------------------------|--------------|
| Wireless Charging: | No |
| Charging Type: | 10W Charging |
| Fast Charging: | No |

| CHIPSET | |
|-----------------|--------------------------------|
| Chipset: | Qualcomm SM6125 Snapdragon 665 |

| COLOURS | |
|-----------------|------------------------------|
| Colours: | Contact your Account Manager |

| CONNECTIVITY | |
|-------------------|-----|
| WI-FI: | Yes |
| GPS: | Yes |
