

The heavy-duty usage Nokia 800 Tough can withstand harsh conditions. It comes with a long-lasting battery, 4G LTE internet connectivity, as well as all of the essentials: a camera, a flashlight, a Google Assistant button and support for apps like Google Maps and WhatsApp.

With an IP68 rating, Nokia 800 Tough is designed to combat accidental drops, dust, sand, water and even extreme temperatures. Destination: Anywhere.

Make calls and send messages without typing. With a push of a button, your Google Assistant can help manage the most used phone features with just your voice.

With bigger buttons, anti-slip grip, preloaded apps and 4G LTE, Nokia 800 Tough has got you covered – the perfect device to use while you're hard at work.

Awarded by Hannover-based iF International Forum Design GmbH, Nokia 800 Tough was recently selected as a winner of the iF DESIGN AWARD, the world-renowned design prize.
