

Samsung S20 Ultra 5G. Made for Intelligent Working. With an intelligent battery, powerful processor, revolutionary pro-grade camera, massive storage and Samsung Knox security, this is a phone delivering a truly mobile workplace.

Users can keep pace with the most demanding workflows. The future-ready Galaxy S20 Ultra 5G utilises high-speed hardware and a Neural Network processing unit that integrates with 5G and Wi-Fi 6 to stream faster and with ultra-low latency.

The Galaxy S20 Ultra 5G has a larger, Super Fast-Charging intelligent battery which let users work between multiple apps. It also understands how users are using their phone and re-directs power from apps they're not using. Features Samsung Knox defence grade mobile security that encrypts all data by default, using government-approved encryption.

Built-in as native apps in the Galaxy S20 Ultra 5G, Microsoft's Office Mobile includes Outlook to sync the users' contacts and calendar, while work they complete in Word, PowerPoint and Excel is kept safe with OneDrive delivering 5GB of free cloud storage. Users can connect their device to any monitor using a single cable with Samsung DeX for a PC like experience.

Create and edit images and video on the go: the Galaxy S20 Ultra 5G has a whopping 108MP camera—giving users the power of a movie studio in the their pocket.

Samsung Galaxy S20 Ultra 5G
