MaaS360 from O₂

Mobile security,
wherever you work

Telefonica

What is MaaS360?

You want to know your mobile devices are secure – wherever your people are working. MaaS360 from O₂ gives you complete peace of mind when it comes to identity and threat management.

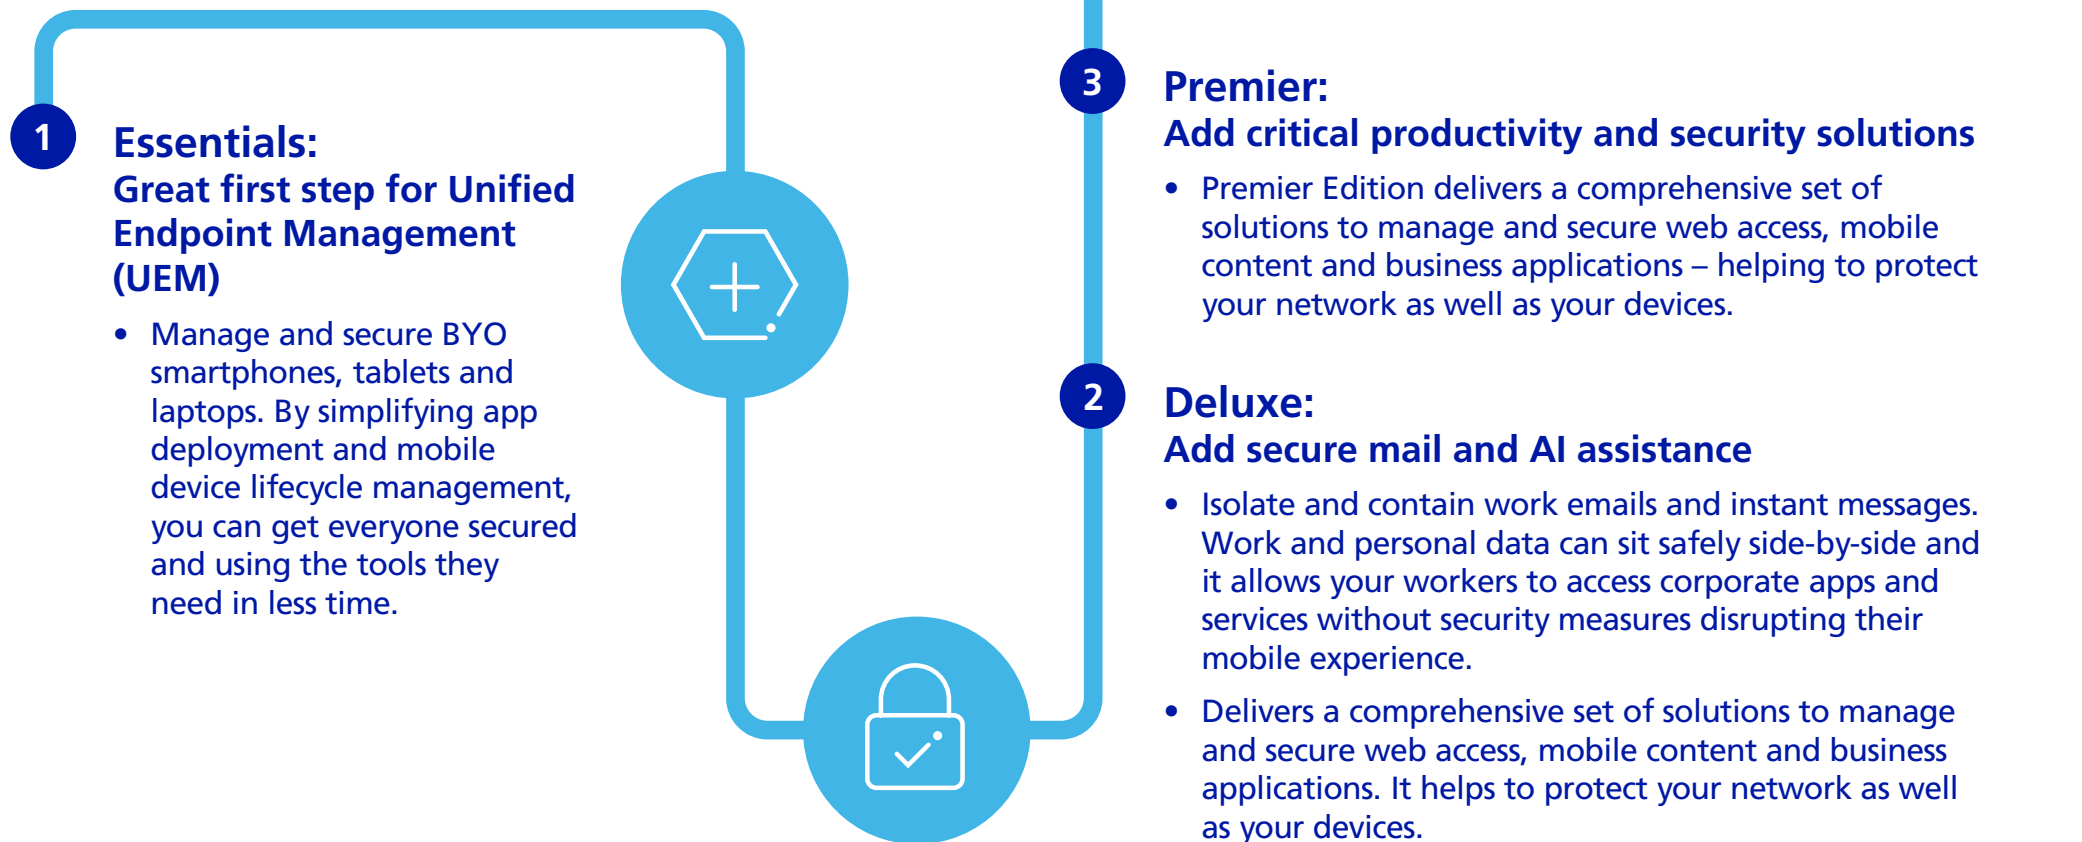

Featuring AI insights to spot and eliminate any vulnerabilities, the solution adds an extra layer of security to all your devices, wherever they are. It integrates easily with your existing systems too, providing mobile security across your whole fleet.

MaaS360 also works with all your business apps, including MS365, Outlook and Gmail. Sign up and we're with you every step of the way, from initial set up and configuration to deployment.

What's included with MaaS360?

There are four MaaS360 packages to choose from, so there's something to fit every need and budget.

The new packages provide new and enhanced capability.
