

The Nokia 8.3 5G is a future-proof global 5G smartphone made for the creators, gamers and doers. Unlock new possibilities with the fast, reliable connectivity of 5G. Plus, you'll always stay one step ahead with the latest Android™ upgrades.

Make every video epic

Shoot like a pro thanks to the built-in ZEISS Cinema Capture and Editor camera mode. Shoot 21:9 cinema format in true cinematic colour style. Easily add anamorphic and blue flares to your footage for an effortlessly epic look. Plus, share your stunning 4K videos with 5G.

A camera that isn't afraid of the dark

Snapping after sundown? No problem. Whether it's a dimly lit restaurant or an outdoor concert, you can capture and share night-time experiences that are true to life thanks to the large 2.8µm super pixels.

Experience less lag with 5G

Live life with less lag with 5G's low latency. Stream films and share content in 5G. Plus, the Qualcomm® Snapdragon™ 765G Modular Platform is perfectly optimized for 5G, so you'll always be ready for what's next.

The best of Android always

Powered by Android 10 and ready for Android 11 and beyond. Plus, you're guaranteed up to 2 years of upgrades and 3 years of monthly security updates.

Unlock your phone with ease

The power button now reads your fingerprint for fast access.

Edge-to-edge enjoyment

Lose yourself in the epic 6.81" screen. Not only is it big, it's super sharp too – thanks to pioneering PureDisplay technology.

Nokia 8.3 5G
