

In a rapidly changing business environment, collaboration and connectivity are pivotal to remaining competitive. The Galaxy S21 5G Series are the new power phones packed with features giving the user the flexibility to thrive and grow. With hyper-fast 5G connectivity and next generation Wi-Fi, competitors will be hard pushed to keep up.

Through Samsung's partnership with Microsoft and Cisco, the S21 5G Series works smoothly and consistently with collaboration platforms like Teams and WebEx. These devices benefit from Microsoft apps built in as standard.

Samsung DeX makes working from the S21 Series simple and intuitive. Simply connect the device to any monitor using a single cable for a PC-like experience.

Rest assured the Galaxy S21 5G Series and the user's data is safe. Samsung Knox delivers vault-like security, data protection and faster authentication.

A pro-grade camera and long-life battery and bright Dynamic AMOLED 2x display means nothing will come between the user and their work.

Welcome to the first pen in the S series. The Galaxy S21 Ultra 5G allows the users to build out their business ideas with more freedom and ease. So whenever inspiration strikes, the user can write it down using the highly responsive S Pen and convert into PowerPoint or Word with a simple tap.

## Samsung S21 Ultra 5G
