

Grab life, live it to the full and share it with those who matter most. Nokia G20 makes that last bit easier. With its 48 MP quad camera, powerful AI imaging modes and OZO Audio, it's never been easier to capture everything you see and hear. It's all powered by a battery that lasts for up to 3 days between charges¹. We've also heightened security with face and fingerprint unlock and 2-years of software updates on the latest Android software. All in all, this is a phone you can trust to keep all of your great work safe and secure.

A creative studio you can fit in your pocket
Nokia G20 captures images with 48 MP clarity, in beautiful widescreen or in detailed macro. Plus, shoot videos with spatial surround sound and use studio-quality tools to make every story even more personal.

Security that keeps getting safer
With regular monthly security updates for 3 years, your files, videos, photos and data are always in safe hands.

Loaded with the very latest software
Want to stay on top of who said what, when? With Android 11 you see, respond to and control your conversations across multiple messaging apps, all in the same spot. And with two years of software updates, you'll always get the latest features. It's like getting tomorrow's phone, today.

See everything more clearly. 24-7
A big screen is a must when you're checking documents, making last minute amends, or editing on the go. Nokia G20 and its big screen comes with a brightness boost, so even in brighter daylight you'll never miss a thing. Just the way you like to live your life.

Nokia G20
