

## Apple iPhone 12

iPhone 12 introduces a beautiful new design packed with innovative features, including A14 Bionic, an advanced dual-camera system, and a Super Retina XDR display.

The newly designed iPhone 12 models feature expansive edge-to-edge Super Retina XDR displays for a brighter, more immersive viewing experience, and a new Ceramic Shield front cover, providing the biggest jump in durability ever on iPhone.

The Apple-designed A14 Bionic, the fastest chip in a smartphone, powers every experience on iPhone 12, and coupled with an advanced dual-camera system, delivers meaningful new photography features and the highest quality video. iPhone 12 models also introduce MagSafe, offering high-powered wireless charging and an all-new ecosystem of accessories that easily attach to iPhone.

iPhone 12 delivers an advanced 5G experience on a global scale, engineered with seamless integration of world-class hardware and world-class software. 5G on iPhone boasts improved speeds for faster downloads and uploads, higher quality video streaming, real-time interactivity in apps, FaceTime in high definition, and more.

iOS 14 delivers a reimagined iPhone experience with new ways to customize the Home Screen.
