

In a rapidly changing business environment, collaboration and connectivity are pivotal to remaining competitive. The Galaxy S21 5G series are the new power phones packed with features giving the user the flexibility to thrive and grow. A premium 5G device that's designed to be the user's 'anywhere office' - delivering an entire suite of mobile technology, business applications, support and services to ensure businesses and employees are ready for the world of work.

Samsung gives employees all the tools they need to stay productive. Plus, with hyper-fast 5G connectivity and next generation Wi-Fi, competitors will be hard pushed to keep up.

Through Samsung's partnership with Microsoft and Cisco, the S21 5G series works smoothly and consistently with collaboration platforms like Teams and WebEx. These devices benefit from Microsoft apps built in as standard.

Samsung DeX makes working from the S21 Series simple and intuitive. Simply connect the device to any monitor using a single cable for a PC-like experience.

Rest assured the Galaxy S21 5G Series and the user's data is safe. Samsung Knox delivers vault-like security, data protection and faster authentication.

A pro-grade camera and long-life battery keeps the user and everyone else in the picture for longer, while the display provides the brightest yet in a business phone.

Samsung Galaxy S21 5G
