Tab S8

Series: Tab S8 | Tab S8+ | Tab S8 Ultra

The ultimate tablet for business

Today, people need tech that's flexible enough to fully embrace hybrid working. Any new investment also needs to make collaboration easier and managing work simpler. The solution? High-performing, ultra-reliable tablets.

Introducing the Galaxy Tab S8 Series, the ultimate tablet for business. It features the fastest processor and largest memory in a Samsung tablet to date, along with a suite of tools such as the S Pen. With its thin, lightweight yet highly durable aluminium design, it makes everything from commuting to presenting easy, offering true flexibility to tackle any task, anywhere.

The Galaxy Tab S8 also comes with all the security and support you'd expect and more. Your sensitive data is kept safe with defence-grade Knox security from the chip up, and you can take advantage of support options such as doorstep repair, next business day replacement, courier collect and return service, same day store walk-in or our bulk repair service.¹

Ultimate performance

The fastest processor and largest memory of any Samsung tablet.

Boost your productivity with ultimate performance. The Galaxy Tab S8 is powered by our fastest ever tablet chip and comes with the largest memory of any Samsung tablet—that's 512GB of storage². The Galaxy Tab S8 also uses hyper-fast 5G connectivity, so whether you're downloading large files, streaming video or conferencing on the go, you can always enjoy a seamless, reliable experience. You'll also have peace of mind when it comes to battery life: the Galaxy Tab S8 Ultra includes a long-lasting 11,200mAh battery³ and 45W Super-Fast charging support, giving you full charge in under 90 minutes.

Built for creativity

Unparalleled creative tools including S Pen.

Create incredible content with unparalleled creative tools. The S Pen gives a realistic pen-to-paper experience and is ideal for taking notes and creating sketches or diagrams. It's also supported on leading creative apps such as Pen Up, Canva, Clip Studio Paint and Noteshelf. You can even use your Galaxy Smartphone as a colour palette, choosing from the colours in your photos and transferring them to your tablet.

Designed for hybrid working

Make hybrid working easy with advanced camera and display features.

Take advantage of next-level flexibility. The Galaxy Tab S8 Ultra's large 14.6" display is perfect for multi-tasking, and its multi-window layouts are tailor-made for video conferences and note-taking. The tablet's camera features offer a superior video calling experience, from its central 12MP 120° ultra-wide camera to background noise reduction, background adjustments and auto-framing, which automatically pans out when more people are in shot. It also supports popular video calling apps such as Google Duo and Microsoft Teams⁴.

1. Next business day replacement and doorstep exchange are available as part of our chargeable Enhance service pack. All requests must be placed before 3:30pm and confirmation of MDM removal must be confirmed before proceeding with repair/swap. 2. Galaxy Tab S8 Ultra only. 3. Typical value based on testing under third-party lab conditions. Minimum rated capacity for the Galaxy Tab S8 Ultra is 10880mAh. 4. Separate licenses may be required from Microsoft and Google.
