

Whether creating content or sharing it with friends, the Galaxy A23 5G has received upgrades to the camera system meaning your customers can snap the best shots and selfies like never before.

The Samsung Galaxy A23 5G comes equipped with a versatile camera that helps your customers capture the world as they see it. With a 50MP main camera, 5MP ultra-wide camera 2MP depth camera and 8MP front camera they can easily snap shots and take selfies like a pro.

The Galaxy A23 5G's expansive 6.6-inch display also offers a 120Hz refresh rate for an immersive experience meaning watching movies and surfing the web on the go has never been easier and smoother.

The Galaxy A23 5G features a large 5,000mAh battery that lets your customers enjoy their phone for longer, meaning they can focus on what's most important to them, whether that be streaming their favourite shows or scrolling through their social media channels.

Working seamlessly with other Galaxy devices gives your customers a fully connected Galaxy ecosystem experience. Audio options are expanded by connecting the Galaxy Buds series. When it's time to get productive, your customers can use Link to Windows to connect their A23 5G to a Windows PC to copy and paste, transfer files and even answer calls or texts.
